ORGANIZED BY
LES ITALY

DEAR COLLEAGUE,

We cordially invite you to sponsor the 2022 LES International Annual Conference to be held in the beautiful city of Venice (Italy) from May 8-10, 2022.

A leading association at the intersection of the intellectual property and business worlds, the Licensing Executives Society (LES) is a community of more than 6,500 professionals, within 33 national and regional chapters, in 90 different countries – all dedicated to the creation, promotion and implementation of business opportunities. For 50 years, LES has served as a campfire that brings businesses and licensing professionals together to learn and build stronger relationships that facilitate deal-making and keep pace with the way technology transforms business and our daily lives. In short, we advance the business of IP globally.

LESI2022 in Venice, Italy represents a unique opportunity for your company to connect with this influential group of delegates, branding you as a thought leader in the market. This prospectus outlines not only excellent sponsorship opportunities, but a full complement of social events and networking occasions.

The substantive program will include a specific focus on state of the industry briefings and discussion in four critical areas: Life Sciences, Automotive, Communications and Energy & Green Tech. Given the venue, Fashion, Food and Design will also be featured in the keynotes to provide case studies that inspire attendees with stories of tech transformation – information useful to accelerate and innovative in their own cases.

If the following sponsor options do not fit your requirements, we would be delighted to create a custom opportunities.

LES2022 will be a memorable event, including in-person opportunities to reconnect after a year of virtual communications. We invite you to join us and showcase your company to our global community.

BECOMING A SPONSOR @ VENICE 2022

WHY LES?

- LES is not only about licensing, we focus on the business and legal aspects of innovation, technology transfer and IP to help businesses and their representatives to create, protect, and commercialize innovation, and manage and monetize intellectual property.
- We are different from all other IP associations around the world and our tagline is “Advancing the business of intellectual property globally”.
- LES is a network of various independent communities that work among themselves and also together in the IP ecosystem. We are a Community of Communities.
- Members from different national societies, industry groups (life sciences, automotive, ICT, software, chemicals, energy, environment, materials, etc.), R&D institutions (universities, government labs), service providers (patent pools, implementer pools, licensing organizations, IP brokers), professional groups (lawyers, valuation experts, IP and licensing managers, etc.) and affinity groups (young members, women in licensing, etc.) will come to Venice to learn, interact and doing business together.

WHY VENICE?

- Venice has all you need to have a successful Annual Conference. With good travel connections throughout Italy and the world, Venice is not only a fascinating city, but also business-oriented and the capital of the Veneto region – the second most industrial and rich Italian region where all industries are represented.
- Venice is the cradle of Intellectual Property. The first official form of protection for ingenious works is represented by the **Patent Statute, decreed in 1474** by the Most Serene Republic of Venezia.

WHY NOW?

- We have all been home for the longest time in our lives. It is time to get out and re-connect. Venice 2022 will be the first LES in-person event. After 2 years of virtual events and thanks to its attractive location and program, we expect a high attendance from large, medium and small-sized companies, universities, governmental institution, and private practice from all over the world.
- No better time and place to celebrate LESI’s 50th anniversary and kick-off our next 50 years of gathering and serving licensing professionals.
